A healthier night's sleep

Most people lose around a pint of water in perspiration whilst in bed, which can be absorbed into the mattress if a protector is not in use. This becomes a perfect breeding ground for bacteria and mould, leading to dust mite infestation.

That's why it's so important to care for your mattress and use a protector!

Guardsman Mattress Protectors have the following benefits:

Stay healthier

Effective in helping to reduce dust mites and bacteria from breeding inside the mattress, the common cause of asthma, eczema and rhinitis.

Prevent spills and stains

Waterproof membrane which allows heat and moisture out and stops liquid seeping in.

Machine washable

Machine washable and suitable for tumble or line drying.

Choosing the right protector for you:

Natural: boasting a silky smooth lyocell fibre bringing effortless comfort. It's 100% organic and manufactured using environmentally friendly processes.

Luxury: reversible; with a super-soft and cosy fleece one side, and microfibre quilting on the other to draw away moisture for added comfort.

If we can't fix it, we won't let you down!
